PAROLA AL MARMO

MARBLE CARE & MAINTENANCE
MANUAL

MARBLE

MARBLE IS A CRYSTALLINE LIMESTONE ROCK, MAINLY COMPOSED OF CALCIUM CARBONATE, THEREFORE ITS NATURAL COLOR IS WHITE.

ITS BEAUTY AND IDENTITY, NONETHELESS, DERIVE PRECISELY FROM THE MINERAL IMPURITIES, LEAVES, DEBRIS IT CONTAINS IN MILLIONS OF YEARS OF METAMORPHIC PROCESS.

THESE NATURAL “IMPURITIES”, INDEED, DETERMINE THE SPLENDOR OF THE COLORS.

THE NATURAL MATERIAL PRESENTS CHROMATIC VARIATIONS IN THE BACKGROUND, IN THE VEINS AND COLOR VARIATIONS WHICH ARE TYPICAL OF THE STONE.

LIVING MARBLE EVERY DAY INCREASES ITS BEAUTY: SURFACES CAN CHANGE, ACQUIRING THE UNIQUENESS OF EXPERIENCE, WHICH GIVES THEM AN EVEN MORE UNIQUE AND PRECIOUS APPEARANCE.

THERE ARE MANY EXAMPLES – IN ITALY AND WORLDWIDE – OF WONDERFUL MARBLE SURFACES THAT STILL AMAZE US TODAY.

IMPORTANT WARNINGS

READ CAREFULLY.

IN ORDER TO PRESERVE THE BEAUTY AND CHARACTERISTICS OF MARBLE, ONYX, QUARTZITE OR NATURAL STONE SURFACES, WE SUGGEST TO OBSERVE THE FOLLOWING INSTRUCTIONS:

SURFACES MUST NOT COME INTO CONTACT WITH PRODUCTS CONTAINING ACIDIC OR ANTI-SCALE SUBSTANCES, SUCH AS:

- VINEGAR, OIL, RED WINE, COCA-COLA OR CITRIC ACID CONTAINED, FOR EXAMPLE, IN CITRUS FRUITS OR TOMATOES;
- PRODUCTS FOR PERSONAL CARE SUCH AS TOOTHPASTE, PERFUMES, AFTERSHAVE ETC.
- CLEANING PRODUCTS CONTAINING ACID OR ANTI-SCALE CHEMICAL SUBSTANCES, OR UNDILUTED DEGREASERS.

DO NOT USE THE SAME CLOTH USED FOR CLEANING SURFACES WITH DIFFERENT CHARACTERISTICS.

CAREFULLY CHECK THE CHEMICAL COMPOSITION OF THE CLEANING PRODUCTS. ACIDIC OR ANTI-SCALE CHEMICALS CAN ALTER NATURAL STONE SURFACES!

DO NOT SCRATCH THE SURFACES IN ANY WAY.

- **DO NOT CLEAN IT WITH HEAVY MECHANICAL SCRUBBING TOOLS, SUCH AS NYLON OR METAL SCRUB BRUSHES.**
- **AVOID CONTACT WITH ANY SHARP TOOL.**
- **IF YOU INTEND TO PLACE FURNITURE OR FURNISHING ACCESSORIES ON MARBLE SURFACES, THE USE OF FELT PADS IS RECOMMENDED TO AVOID SCRATCHES.**
- **DO NOT HIT THE SURFACES WITH HEAVY WEIGHTS.**

THE APPLICATION OF **FILMS** OR **FILM-FORMING PRODUCTS** ON NATURAL STONE SURFACES COULD CAUSE UNPREDICTABLE VARIATIONS IN THE AESTHETICS OF THE PRODUCT.

IT IS RECOMMENDED TO CONTACT OUR CUSTOMER SERVICE (INFO@BUDRI.COM) BEFORE PROCEEDING.

IF ANTI-SCALE, AGGRESSIVE OR ACID CHEMICAL SUBSTANCES HAVE BEEN ACCIDENTALLY SPILLED ON THE SURFACES (CLEANING PRODUCTS FOR METALS, PAINT REMOVERS, ACIDS, SOLVENTS AND ACETONE-BASED PRODUCTS, STRONGLY ALKALINE SUBSTANCES, ETC.), WE RECOMMEND IMMEDIATE REMOVAL, WHEN THE STAIN IS FRESH, WITH A SOFT CLOTH, FOLLOWED BY AN ABUNDANT RINSE WITH WATER.

CARE & MAINTENANCE

- BEFORE WASHING MARBLE, ONYXES AND NATURAL STONES SURFACES, IT IS ADVISABLE TO REMOVE DIRT AND DUST USING A VACUUM CLEANER WITH A SOFT BRISTLE BRUSH, ANTISTATIC GAUZES, OR SOFT CLOTHS.
- TO HELP MAINTAINING THE SHINE OF THE SURFACES, IT IS NECESSARY TO CLEAN THEM WITH PREFERABLY WARM OR HOT WATER, NOT BOILING.
- FOR CLEANING, USE SPECIFIC DETERGENTS FOR MARBLE (E.G. FILA PRODUCTS) OR NEUTRAL SOAP: NEUTRAL SOAP NOT ONLY ACTS AS A DEGREASER AND ANTIBACTERIAL, BUT ALSO GIVES SHINE TO MARBLE, ONYX AND NATURAL STONE SURFACES, NOT AFFECTING THEM.
- THE USE OF DENATURED ALCOHOL IS ALLOWED, BUT IT MUST BE DILUTED: 2 TABLESPOONS PER 1 LITER OF WATER. DO NOT USE UNDILUTED ALCOHOL, AS EXCESSIVE DEGREASING WOULD REMOVE SHINE FROM THE STONE.
- TO FURTHER PRESERVE THE GLOSS OF THE SURFACES, IT IS POSSIBLE TO OCCASIONALLY USE SPECIAL WAXES FOR MARBLE WITH SUBSEQUENT POLISHING BY A SOFT BRISTLE POLISHER.

PROFESSIONAL PRODUCTS

IN ADDITION TO THE NORMAL DOMESTIC CLEANING PRODUCTS WITH CHARACTERISTICS SUITABLE FOR MARBLE, ONYX AND NATURAL STONE, PROFESSIONAL PRODUCTS CAN BE USED TO CLEAN THE SURFACES, SUCH AS THOSE BY FILA.

FILA MARBLE WASH

CONCENTRATED DETERGENT FOR FLOORS AND WALLS. DILUTE 3 CAPS (ABOUT 25ML) OF MARBLE WASH IN 5 LITERS OF WARM CLEAN WATER. WIPE THE SURFACE WITH A WELL-WRUNG CLOTH, RINSING OCCASIONALLY IN CLEAN WATER. AT THE END OF THE WASH, THERE IS NO NEED TO RINSE.

FILA MARBLE REFRESH

READY-TO-USE DETERGENT FOR TOPS AND COATINGS. NO NEED TO DILUTE. SPRAY MARBLE REFRESH ON THE SURFACE AND PASS WITH A SOFT, DRY CLOTH, MASSAGE THE SURFACE UNTIL COMPLETELY DRY. DO NOT RINSE OFF.

FIND OUT MORE ABOUT FILA PRODUCTS AND NATURAL STONE SURFACE MAINTENANCE.

*note that these products are made in Italy; contact the producer to check their availability worldwide.
